

MADA JASWANT BHAVANI KARTHIK

B.Tech – Electronics & Communication Engineering (2026)
Hyderabad, Telangana | Cell: +91 93463 93189 | mail: jaswantmada@gmail.com

PROFESSIONAL SUMMARY

Final-year B.Tech student with strong foundations in software development, problem solving, and system design. Hands-on experience in Python, Java, SQL, Django, and Flask, with end-to-end exposure to design, development, testing, and deployment through real-world projects. Interested in building scalable, high-performance applications for hybrid cloud and enterprise environments.

EDUCATION

B.Tech – Electronics & Communication Engineering, SNIST CGPA: 8.37	(2026)
Class XII – Sri Chaitanya Junior Kalasala 907 Marks	(2022)
Class X – Bhashyam High School CGPA: 10	(2020)

TECHNICAL SKILLS

Programming: Python, SQL, Object-Oriented Programming (OOP), C

Web & Databases: Django, Flask, MySQL, SQLite

Data & Visualization: Power BI, Tableau, Microsoft SQL Server

Tools & Platforms: Git, GitHub

Embedded & VLSI: Cadence Virtuoso, Xilinx ISE, Verilog, VHDL

Core Subjects: Data Structures & Algorithms, Database Management Systems (DBMS), Microprocessors & Microcontrollers, Digital Logic Design, Analog & Digital Circuits, VLSI

PROJECTS

Dynamic ERP System (Django)

- Designed and developed a **modular ERP system** following SDLC principles
- Implemented **attendance and inventory workflows**, improving data consistency
- Built responsive UI dashboards and handled backend logic using Django ORM

AI Resume Analyzer (Flask, NLP, MySQL)

- Developed **RESTful APIs** using **Flask** for resume processing and candidate ranking.
- Integrated MySQL database for structured data management.
- Implemented **NLP-based** keyword extraction and matching algorithms.

R-2R Ladder DAC Design (Cadence Virtuoso)

- Designed and simulated a **4-bit R-2R DAC** using Cadence Virtuoso
- Verified functionality through **SPICE simulations**

CERTIFICATIONS

Embedded System Developer Virtual Internship – AICTE EduSkills | AWS Academy Cloud Foundations | Automotive Embedded Systems – VJ Training Center | Deloitte Data Analytics Job Simulation – Forage | Routing & Switching using Cisco Packet Tracer – IEEE

LANGUAGES

English, Hindi, Telugu
